Verify Steps UI :

The screenshot displays a web interface for issuing and verifying certificates. On the left, a form titled "Issue Certificate" includes a section "Upload File:To verify" with a red instruction "1. Upload certificate provide by issuance authority". Below this is a file input field with a "Choose file" button and the text "output-3.pdf". A "Submit" button is located below the file input, with a red instruction "2.Submit Form" underneath it. On the right, a dark grey alert box is visible, containing the text "localhost:3000 says" and "Verified:Certificate is valid", with an "OK" button in the bottom right corner.

Issue Certificate
